

2017 REUNION DENVER

The 2017 Ag Retiree Reunion was September 9-13 in the Denver, CO area. A total of 62 retirees and/or spouses attended the 4 day event. Jim Collins, Executive VP Dupont/DowDupont and CEO designate of the new spin-off AG Company spent Sunday evening with us updating the merger, spin-offs and answering all questions from the group.

Jim was reassuring about the future of the DWDP merged company and the future of the Ag business, even after the major sale of assets to FMC. Jim was also reassuring about the security of our pensions. We really appreciate Jim taking the time from his busy schedule to attend a part of our reunion.

A large percentage of the group traveled to the top of Pikes Peak (14,157 ft) via COGS RR on Monday. Temperature was 30F with sleet at the top. On Tuesday we spent a delightful day in Rocky MT. National Park, a lot of tremendous scenery, elk and old times rehashed. Tuesday evening was a banquet at the hotel with DD Ag. Trivia by Fred Degiorgio.

Kent will continue to keep track of the group with several offering the assist with details. We discussed Reunion 2018 but not definite decision, more to come later.
